Introduction to Foraging for Two with Totally Wild UK

Enjoy a hands-on foraging experience for two people at a choice of locations across the UK. Grab a pair of walking boots and discover the art of foraging with a group of budding foragers and an expert from Totally Wild UK. Discover edible foods that grow nearby and learn how to harvest them correctly and identify lookalikes. As well as a fun outdoor adventure, get the chance to sample some pre-made tasters which could include chutneys, jams, pickles, flavoured salts and alcohol infusions. This is a great introduction for anyone keen to incorporate foraged ingredients into everyday cooking!

Happy Birthday Sam! Happy foraging :) Love Amy, Jesse and Elle xx
